## Call for Late Breaking Abstracts Now Open

If you missed out on the first call for abstracts, do not worry! We would now like to encourage anyone who has late breaking research to submit their abstract now for consideration into the International Congress for Tropical Medicine and Malaria 2016 program.

This is your final chance to submit an abstract for the Congress. Submissions close on **Friday 1 July 2016**. For more information about abstract submission, please visit <http://tropicalmedicine2016.com/call-for-late-breakers/> or click the button below.

## Sponsorship & Exhibition - **ALMOST SOLD OUT**

Premium exposure, brand positioning and networking opportunities are available at ICTMM 2016. Sponsorship representation can be tailored to match any budget or objective, so we encourage you to discuss your requirements with us. Exhibition options start from as little as AUD\$5,000. We are fast approaching a sold out event, so we encourage you to book as early as possible.

Companies specialising in tropical medicine, infectious diseases, malaria, parasitology, paediatrics, microbiology, antimicrobial resistance, virology, zoonosis, One Health, food security, travel medicine and emerging diseases are strongly encouraged not to miss this opportunity.

For a copy of the prospectus and to discuss available options, please contact our Sponsorship and Exhibitions Manager, Drew Whit at [sponsorship@arinex.com.au](mailto:sponsorship@arinex.com.au) or by calling +61 2 9265 0700.

18 - 22 September  
2016

### Updated Program Now Available

An updated version of the ICTMM 2016 Program at a Glance is now available to view on the Congress website. With over 150 invited speakers from 14 different countries talking on 39 themes, this is an event not to be missed.

Please visit <http://tropicalmedicine2016.com/program> to download a copy of the program at a glance.

### ASID Barrie Marmion Award

The Barrie Marmion Zoonoses Research Award will be presented to the author of the best research poster or oral presentation related to a zoonosis at the designated ASID Zoonoses stream at the Congress.

The award is open to all researchers who are members of ASID or the veterinary associations of Australia and New Zealand, who have an accepted abstract on zoonoses at ICTMM. More details are at: <http://www.asid.net.au/awards/barrie-marmion-award>

## Speaker of the Week

Get to know more about the invited speakers at ICTMM 2016. Every week a new speaker will be featured on the website sharing some more personal information about themselves and their work.

### What inspired you to become involved in Tropical Medicine?

*"I was born in Peru, a country where tropical diseases and malaria is still a huge health issue. Malaria makes hundreds of millions of people sick and kills up to half a million each year. Our breath test for malaria would make a difference and save lives, it could be a game changer with wide applications to diagnose other important tropical diseases as well."*

### Have you been to Australia before?

*"I was in Sydney in 1997 for the World congress of Dermatology. During that time, I felt a well-being*

*feeling although having traveling to the opposite of the World. At that time I did not have any Australian friends which is not the case now....*
